Love Song

DON'T MISS THE HIT OF THE YEAR

... A new Rose that will win your affections

★**LOVE SONG.** H.T. (Fisher.) Plant Pat. 1360. Please turn back and take another look at the glowing beauty of this great Rose. Don't you agree that Rose lovers everywhere will keep this Love Song on their Hit Parade for years to come? Such superb color tones, such magnificent size, unusual form and richness of foliage! A pity it is that the best color camera fails to catch the luminous fire and glow of Love Song's wonderful watermelon-pink petals with their vivid yellow reverse! No other Rose is like it . . . no other Rose has such smooth blendings of soft yellows and shining pinks, such rare color contrast and harmony at the same time. Now imagine large, shapely, pointed buds opening to tremendous, perfectly formed blooms so large that you cannot believe your eyes! We have counted as many as 100 petals on a single Love Song bloom. The long-stemmed plant is big and handsome, too, growing upright and strong, with large, deep green, waxy leaves. Free-blooming and fragrant. Don't miss this grand new hit of '56! \$2.50 ea.; 3 or more, \$2.20 ea.

AMERICA'S CHOICE

... A great red Rose of
outstanding personality

★ PRESIDENT EISENHOWER

H.T. (Hill.) Plant Pat. 1217. This Rose seems to have the ability to "win friends and influence people." Perhaps it's the bright, clear, true red color which appeals so much—or the exciting big blooms—or the sturdy character of the plant—or all three in combination. But whatever it is, this much is certain . . . President Eisenhower is fast assuming the title of The New American Beauty. This new charmer blooms continuously. Notice the beauty of the bud and the wonderful form of the bloom. Imagine the fragrance of the great blossom on a summer morning. The 35 to 40-petaled blooms come on a heavy-caned plant with bushy foliage that stands from 2½ to 3 feet tall. There is even more to make this an outstanding Rose: the happy fact that this vigorous grower is also disease-resistant. The dark green, leathery leaves add their rich touch of color, too, so that the over-all effect of President Eisenhower in any garden setting is wonderful, indeed. Be glad next June . . . order this fine Star Rose now! \$2.25 ea.; 3 or more, \$2 ea.

★PRESIDENT EISENHOWER

When You Buy STAR ROSES You Own THE WORLD'S BEST

It is a comforting thing to know, when you spend your money for anything, that you are getting your money's worth. That's the way it is with Star Roses. We sell Quality in Roses. When you buy them here, you can feel sure that you have bought the finest that can be grown—every one a two-year, field-grown, No. 1 plant, every one a carefully cultivated, thoroughly guaranteed Rose. Your good opinion of Roses like these is what has built our reputation over the

years since 1897. We value your good will more than any possession we have. We want to keep that good opinion and to maintain that reputation; and that is why we much prefer to concentrate on producing quality plants rather than vast quantities of less worthy Roses. This policy of *quality* instead of *quantity* pays you over the long run; for Star Roses have a way of flourishing and lasting long. Expert rosarians all over America know this. You will, too.

PEACE

... QUEEN OF ALL ROSES

★ PEACE

©

★**PEACE.** H.T. (Mme. A. Meilland.) Plant Pat. 591. An origination of Francis Meilland of France, and introduced in America (to America's complete delight) by Star Roses, Peace is without shadow of doubt the world's most magnificent Rose . . . the standard by which all others have been judged since 1945, the year Peace came to the world. Since then, many utterly beautiful Roses have been introduced, but none has been scored so high by the experts, none has won so many awards, none has been so beloved by so many millions! If you ask yourself why this is so, you will find the answer in the Rose itself. The almost fabulous quality of beauty in its golden blooms, edged with pink—the truly superb form of bud and blossom—the regal size and bearing of the noble plant itself, with its rich, lustrous foliage—all these tell you why Peace is so deservedly honored. If such a Rose as this could bear but a single flower, the reward would be rich. But Peace is generous, too, offering you on long, strong stems many great blooms and untold hours of appreciation, satisfaction and pleasure.

No garden is complete without a Peace or two. Grace yours during the coming seasons by planting the Queen of the Roses now. Enjoy having on your own grounds the finest Rose of all time . . . the Rose without which life itself is a little less enriched. \$2.50 ea.; 3 or more, \$2.20 ea.

AS LOVELY A PAIR AS YOU'LL FIND ANYWHERE!

★LOWELL THOMAS

The Yellowest of the Yellows

★LOWELL THOMAS. H.T. (Mallerin.) Plant Pat. 595. Another famous Rose developed by Mallerin—this one an All-America Award Winner—is this lovely rich yellow. Everyone agrees it's the deepest of the yellows, a glorious Rose of deep, glowing color which it holds throughout its blooming period. There is about Lowell Thomas an air of cheeriness, of optimism, a feeling that great things are about to happen. And so they do when the beautiful buds unfold their beauty and the high-cupped centers of the 4-inch-wide flowers reveal their magnificence. You won't fail to find pleasure in so lovely a revelation. Just imagine blooms like this set off by equally rich green leaves, each serving to accent the other. What a stunner it is! The plant is a vigorous one, growing sturdily upright and developing strong, erect stems to hold the wonderful yellow blooms. This distinguished performer was among the Top Ten All-America group in 1950. It's still a topper in any garden. Have one in yours. \$2.25 ea.; 3 or more, \$2 ea.

STAR ROSES

WEST GROVE, PENNA.

The Fairest of the Whites

★BLANCHE MALLERIN. H.T. (Mallerin.) Plant Pat. 594. Long a favorite of people who like the pristine purity of whiteness in a Rose, Blanche Mallerin is sheer beauty chiseled from a frosty snowbank. Making this one more enchanting still is sweet fragrance, a rare thing in white Roses. But then, the lovely Blanche is a rare Rose seen from any angle. The buds are long and come singly, opening to beautifully modeled blooms whose petals have a live, satiny sheen that is most appealing. There are from 35 to 40 of them to a flower, and many a flower to the bush, for Blanche Mallerin is a good, vigorous, free-blooming plant which grows upright to medium height. It would be difficult to compare this with any other white . . . impossible, really. No other has so much quality, point by point; and none, therefore, can match it today. Set it in your garden this fall, and see, in the spring, how naturally this unusually fine white Rose acts as a foil for your reds and yellows and pinks. Makes a splendid cutting Rose, too! \$2.25 ea.; 3 or more, \$2 ea.

★BLANCHE MALLERIN

WHY FALL PLANTING?

One good reason for planting Roses in fall is that the ground is mellow and right. Another is that when spring comes your Roses are already in and ready to take advantage of good growing weather. Still a third reason is that the spring work load is always heavy, and if you plant in fall, you'll have less to do later. Roses, of course, are ideal plants for fall planting.

H A V E C O N F I D E N C E I N Y O U R

★**CONFIDENCE.** H.T. (Meilland.) Plant Pat. 1192. It was a moment of pure inspiration when Mr. Meilland decided to cross a seedling of the great Peace Rose with the French Rose Michele Meilland. Here is the result . . . Confidence, a peach and pink blend so delectable that you want to eat it! What truly lovely blooms it has! So big, so beautiful, so fragrant! It is no wonder that this superb Rose is a winner of both the Bagatelle and the "Most Beautiful Rose of France" awards. And it is no wonder that here in America, it wins the hearts of all who see it. Confidence is notable for excellence of form as well as for pastel beauty of color. The great blooms are a good 6 inches across and have 28 to 33 petals, each of outstanding size and solid substance. The plant is upright, broad and well branched; the foliage is good. Your garden will be a better one when you have Confidence in it. \$2.25 ea.; 3 or more, \$2 ea.

STAR ROSE GARDEN

SENSATIONALLY

The Exquisitely Lovely *Grand'mere Jenny*

★**GRAND'MERE JENNY.** H.T. (Meilland.) Plant Pat. 1148. Delicacy and grace are, perhaps, the two outstanding attributes of Grand'mere Jenny, apart from the soft, dainty coloring which distinguishes this fine Rose. The general effect is intensely pleasing. This is the key to Grand'mere Jenny's rapid rise to popularity everywhere. The great abundance of blooms is a pleasant surprise, for one might think that so exquisite a Rose would hold back a bit and offer its beauty sparingly. Instead, you get bloom after bloom, each averaging 25 to 30 delightfully shaded petals in tones of pink, peach and yellow. The bloom itself is usually $4\frac{1}{2}$ inches in width, and is held well on good stems. So well set up a plant gives you plenty of opportunity to cut flowers to beautify the house and to give to friends. Grand'mere Jenny grows upright to medium height and never fails to create an impression of charm and grace.

Of course, so fine a Rose has merited its honors, among them the Gold Medal of the National Rose Society of England and one from the French Horticultural Society, too. That speaks for the experts. Why not let Grand'mere Jenny speak for herself in your garden next spring and summer? You'll be completely charmed. \$2.25 ea.; 3 or more, \$2 ea.

The Brilliant CHRYSLER IMPERIAL

★CHRYSLER IMPERIAL. H.T. (Lammerts.) Plant Pat. 1167. Have you ever seen anything so richly glamorous in a Rose as the brilliant Chrysler Imperial? Here's a flashing kind of red that's bound to be a favorite in your garden. It's an All-America Award Winner, of course, and here's why. The big blooms of 40 to 50 petals are long lasting and grow one to a strong stem, one after another. The fragrance is memorable, adding distinction upon distinction and making this beauty a good one for cutting and taking into the house. The plant, too, is outstanding, being vigorous, disease-resistant and sturdy. Taken together, these virtues promise plenty of gardening pleasure for you when you own Chrysler Imperial. Better not pass it by if you need a fine red Rose of great character. (And who doesn't?) \$2.50 ea.; 3 or more, \$2.20 ea.

★CHRYSLER IMPERIAL

The Richly Beautiful HELEN TRAUBEL

★HELEN TRAUBEL. H.T. (Swim.) Plant Pat. 1028. Here's a Rose that will trill a melody of happiness for you if you'll only make the right motions with your baton (your spade, of course!). Use it now—this fall—and Helen Traubel will respond with beauty in the spring. Imagine the loveliness, the elegance of such porcelain-pink blooms flushed with a touch of apricot! They'll be yours to marvel at . . . if you'll do your part. Helen Traubel, another All-America Winner, is a magnificently large and vigorous plant which produces long, slender buds that open to blossoms of 27 petals. The form of the bloom is distinctively good; and there is an air of daintiness about the open flower which makes this the complete charmer that it is. Set off by fine green foliage, this is a Rose that will earn your admiration. \$2.50 ea.; 3 or more, \$2.20 ea.

★HELEN TRAUBEL

ALL 4 SHINING

★SUZON LOTTHE

★**MOJAVE.** H.T. (Swim.) Plant Pat. 1176. Here's a Rose that glows with sunset colors. . . the flaming coppery red tones that make the desert so spectacularly colorful. Seeing the same lively richness in a Rose is hard to believe, but here it is in the strikingly beautiful Mojave. This is a most unusual Rose in every way. The sunset blooms you can see, but the fragrance, the free-blooming quality and the vigor of the plant must be imagined. Mojave gives you a gorgeous flower on every sturdy stem, and foliage that is rich and heavy and complementary. Growing tall, this fine vigorous Rose produces splendid blooms, every one of them a fiery beauty. Note the lovely shape and size of the opening bud, the urn-shaped opening bloom, the harmonious blending of color. See in your mind's eye a plant or two of this gorgeous Rose putting a wealth of color just where you want it in *your* garden. If you want a focal point to draw the admiration of friends and neighbors, don't pass Mojave by. It's an All-America Winner that you will like. \$2.75 ea.; 3 or more, \$2.40 ea.

★MOJAVE

★**SUZON LOTTHE.** H.T. (Meilland.) Plant Pat. 934. A ravishingly beautiful Rose that stands in a class by itself. Was there ever so unique a color before—unless it be on the artist's palette or in the seashell or pearl? More pearl-like than anything perhaps, Suzon Lotthe exhibits a kind of beauty that cannot fail to cause excited comment. And so does the character of the bloom, for it has from 55 to 90 petals with the extraordinary sheen and smoothness of real pearls. This lends to the long-lasting flowers an appearance of exquisite freshness. This remarkable Rose is also wonderfully fragrant, making it even more desirable. The plant is vigorous, with heavy canes and strong stems, and the foliage is large and disease-resistant. The flowers are ideal for cutting. Suzon holds the winner's Certificate of the Royal Horticultural Society and of the National Rose Society of England, a recommendation to heed. Can you find room in your garden for so fine a Rose as Suzon Lotthe? \$2 ea.; 3 or more, \$1.75 ea.

★MIAMI

★MIAMI. H.T. (Meiland.) Plant Pat. 977. This is an extraordinary Rose in several respects.

The brilliant coloring is superb! The form of bud and blossom is very special. The fragrance—spice-sweet and rich—is simply delightful. Imagine the thrill of watching this lovely Rose of coral, flamingo and old-gold growing in your own garden!

Miami needs protection from mildew in some parts of the country, and some other varieties will bloom more with less care. But for Rose enthusiasts and for those who love a rare Rose, Miami is superb. Give it just a bit more of your personal attention, and it will respond handsomely. \$2 ea.; 3 or more, \$1.75 ea.

★GRANDE DUCHESSE CHARLOTTE. H.T. Plant

Pat. 774. One of the most graceful Roses we know . . . a Rose that grows tall and gives you beautiful blooms, one to a stem. The red of this beauty is different, ranging from burnt carmine in the bud to blooms of copper-touched red. Petals are firm, the foliage good and disease-resistant. The flowers are excellent for cutting. The bush will grace any garden. Try Grande Duchesse Charlotte in yours and enjoy the satisfaction of having a proven prime favorite with many points of distinction. For color, form and natural grace, it is well-nigh unbeatable. It blooms constantly, too. You can depend on it. \$2 ea.; 3 or more, \$1.75 ea.

★SUN KING. H.T. (Meiland.) Plant Pat. 1342. The most luminous yellow you've ever seen . . . a Peace seedling with clear, sunny tones that radiate cheer. Sun King's large, pointed opening buds show a deep heart of richer yellow with a halo of light yellow edges on the outer petals. The plant is tall, upright and has dark green, leathery leaves. The good, strong stems bear blooms of 40 to 50 petals. You'll love this new bit of witchery. Be sure to have one or more blooming for you next spring. \$2.50 ea.; 3 or more, \$2.20 ea.

★NOCTURNE. H.T. Plant Pat. 713. Here's a fine grower everywhere, a popular red that maintains good color in hottest weather. It has good form and is fragrant. Long, pointed buds open to blooms of deep red with darker shadings. Vigorous and fairly tall. This is a highly rated Rose with 25 wavy petals and blooms of real show shape. Nocturne is a splendid and satisfactory Rose that should not be overlooked. One of the best reds, really. Try it and see for yourself. It's an excellent buy and will reward you handsomely. \$2.25 ea.; 3 or more, \$2 ea.

★TIFFANY. H.T. (Lindquist.) Plant Pat. 1304. This All-America Winner for 1955 deserves a spot in any garden on one quality alone . . . that absolutely beautiful pink and gold color! But it has much more—big blooms of 30 to 40 petals exquisitely formed, beautiful green foliage, and a vigorous plant that stands 3 to 4 feet tall. The buds and flowers are borne on strong stems, making Tiffany good for cutting. This Star Rose won't fail to please you in the garden or in the house next spring if you'll but put it in the ground this fall. \$2.50 ea.; 3 or more, \$2.20 ea.

★**PENNSYLVANIAN**. H.T. (Ohlhus.) Plant Pat. 936. The strange thing about this fine Rose is that no really good picture has ever been taken of it! The delicate apricot-orange tints must be seen for its beauty to be realized. The utterly delicious scent of Pennsylvania's perfume is something else the picture does not tell you. Consider, if you will, that the long, pointed buds and big 4 to 5-inch blooms literally cover this plant in the spring and fall; and that the plant itself is upright and vigorous, making a beautiful show. It's a completely lovely and heart-winning Rose in every way . . . and you'll love it! \$2 ea.; 3 or more, \$1.75 ea.

★**DR. DEBAT**. H.T. (Meilland.) Plant Pat. 961. Here's a picture that *does* speak for itself! It's a picture of the true essence of deep pink, and in Dr. Debat you have it in King size. This is a tall, strong, vigorous, disease-resistant plant that blooms freely. It's BIG in bud and flower, with broad, finely formed petals, and, of course, magnificent color! This handsome Rose personality is surely a "must." \$2.25 ea.; 3 or more, \$2 ea.

★**NEW YORKER**. H.T. Plant Pat. 823. Big, bright and beautiful, and a shining red that catches and holds attention—that's the flashing New Yorker! Here's a reliable performer with always good blooms that are often enormous. It's fragrant, bushy, vigorous and does well in even semi-shady places and in all weather. What more could anyone ask of a Rose? A good cutting Rose? That, it seems, is what it was created for! Picture those great, fiery red blossoms brightening and scenting your home deliciously. Imagine how New Yorker's brilliance could dress up border or bed and make a dull spot bright! \$2.25 ea.; 3 or more, \$2 ea.

★**RUBAIYAT.** H.T. Plant Pat. 758. A bright, flashing rose-pink to cerise-red with graceful, long, shapely bud and a wealth of old-Rose fragrance. The long, strong stems bear large flowers in free-blooming style. The plant is tall, vigorous, hardy and disease-resistant. **\$1.75 ea.; 3 or more, \$1.55 ea.**

★**TEXAS CENTENNIAL.** H.T. Brilliant red Rose turning to glowing salmon-pink in the fully open flowers. This is an almost continuous bloomer on strong, upright stems. Fragrant, too. The plant is splendidly tall and handsome and can be depended on to produce and flourish for years to come. **\$1.50 ea.; 3 or more, \$1.30 ea.**

★**HAPPINESS.** H.T. (Meiland.) Plant Pat. 911. Bright, brilliant and blazing—a red Rose that won't fail to catch the eye. Matures to crimson-carmine or royal rose-red. The petals are very heavy and firm, and the blooms have distinctive form. Does exceptionally well in very hot weather. Long-lasting blooms are excellent for cutting. A popular Rose at the florists. **\$2 ea.; 3 or more, \$1.75 ea.**

★**PRESIDENT HERBERT HOOVER.** H.T. One of the most popular Roses for many years, this multicolor is a delightful combination of scarlet, yellow, cerise and flame. The large blooms are wonderfully fragrant and are held on erect, firm stems. Grows tall and blooms freely. A favorite that will please you. **\$1.50 ea.; 3 or more, \$1.30 ea.**

★**ETOILE DE HOLLANDE.** H.T. This fine red Rose keeps its popularity through the years. Its appeal lies in good crimson color, excellent form, long cutting stems and vigorous plant. Without question, this is one of the best richly fragrant everblooming red Roses. It appeals to everyone and is mighty worth having in your garden. **\$1.50 ea.; 3 or more, \$1.30 ea.**

Our 60th Year Serving America's Need for Fine Roses

WEST GROVE
PENNSYLVANIA

Fall, 1956

Dear Friend:

I'd like to tell you a little story that will interest you. It's about buying nutmegs. Years ago when peddlers traveled from farm to farm in New England selling household items, one of them thought he would "pull a fast one," as we say today. He sold his customers wooden nutmegs instead of the real thing which came on the clipper ships from the East Indies. The women were easily fooled, but the next year when he came that way again, no one would buy anything from him. He went out of business because his customers could no longer trust him, while honest peddlers continued to do a thriving trade. Even today, you can hear that expression of wise advice in New England towns—"Don't buy any wooden nutmegs!"

It occurs to me that this catalog of our Star Roses is like an honest peddler, bringing to you and your family things from a marketplace too distant for you to reach in person. And like the peddler of old, it, too, must earn and win your confidence. It must do so solely on the degree to which we fulfill the promises we make to you: that Star Roses are unsurpassed for quality . . . that they are accurately described (the enthusiasm is *real*!) . . . and that they are fully guaranteed to bloom in your garden.

Proof of such fulfillment, I am happy to say, is very plain. We have been growing Star Roses right here in the southeast corner of Pennsylvania for 60 years. We have been selling them in every state of the Union through the pages of our Star Rose catalog. We sell to many thousands of the same people year after year, and through their good recommendations, we have found many new friends. We have never sold "wooden nutmegs". On the contrary, we sell always in the firm belief that you will *want* to buy from us again. We count on your good will.

You can buy through this catalog in complete confidence, safe in the knowledge that we are not just an order-taking firm but actual Rose growers who know how to produce the finest.

I cordially invite you to come and see for yourself how Star Roses are grown. Walk or drive among our fields of Roses, at their best in September and early October this year. See the quality we have. Examine our Living Catalog of Star Roses, a special planting of every variety of Rose we have for sale, all in one place. Visit our Garden Mart and greenhouses, open all year round. Talk with our garden experts.

All of us here are very proud of the high quality of our Roses and of the good reputation they have built for us. I believe that once you become acquainted with them you will share that pride.

With best wishes for the success of your garden, and for your pleasure in it, I am

P.S.

I'd like, in particular, to bring your attention to the newest of Star Roses, a beautiful, bright salmon-red Floribunda which is as exciting as its name . . . *Sumatra*. See this splendid newcomer in full color on page 23 of this catalog, its first appearance anywhere.

DUTCH IRIS

40 for ONLY \$1.40!

Orchid-like Iris blooms in mixed colors: shades of blue, white, yellow and purple. Grow 2 feet tall. These are bulbous Iris that require fall planting, 5 to 6 inches deep. Bloom in May and June. This is a great buy in bulbs . . . extra-big ones that will produce one of the loveliest of flowers at practically insignificant cost!

**BULBS ARE SO EASY TO
PLANT...AND MAKE SUCH
A FINE SHOW IN SPRING!**

One of the most rewarding things a home gardener can do in fall is to plant bulbs; for when spring comes, there is an excitingly colorful display of flowers that rates rave notices from friend and neighbor. Tulips, Iris, Daffodils, Crocus, Lilies—all of these singly or in combination—afford a sight that far outweighs in pleasure the little effort it takes to plant the bulbs. It's simple to trowel the holes in the easily worked soil, place the bulbs and cover them. No skill or special treatment is needed. The work is quickly done.

PLANT HARDY PERENNIALS FOR SUMMER-LONG BEAUTY!

If you plant hardy perennials in the fall, you'll have that much done when spring rolls round. These are especially fine kinds that will give you lots of bloom over a long time.

ANTHEMIS, Moonlight. Lasting, long-stemmed, 2½-inch blooms of clear, luminous, soft yellow come practically all summer. 15 inches high, with pretty, finely cut foliage. The hardest, bloomingest plant imaginable. Very attractive. 65c ea.; 3 for \$1.75.

BABYS-BREATH (Gypsophila, Rosy Veil). The dainty, double, delicate pink flower so much admired as a garden plant and for dressing up bouquets. 1 to 2 feet tall, broad and spreading in a light and airy way. Clouds of bloom in summer and fall. 65c ea.; 3 for \$1.75.

LYTHRUM, Morden's Pink. Attractive, showy, rose-pink spikes of bloom. 2 to 2½ feet tall, from June to September. Sun or partial shade. Hardy, with profuse, continuous bloom. 65c ea.; 3 for \$1.75.

BALLOON-FLOWER (Platycodon). The 2 to 3-foot plants make a strong mass of rich green foliage, topped by handsome blooms of blue. Buds are like fat balloons—fascinating! 65c ea.; 3 for \$1.75.

VERONICA, Crater Lake Blue. Spikes of beautiful gentian-blue flowers. 1 foot high. Blooms June into July. Purest of blue colors. 65c ea.; 3 for \$1.75.

AQUILEGIA (Columbine)

GIANT COLUMBINE (Aquilegia, McKana's Giant). A remarkably lovely new perennial that won an All-America Award in 1953. Very large flowers with widely flared spurs 3 to 4 inches long. Two-foot stems support the airy, graceful blooms. Good for cutting. Bloom in May and June. Come only in mixed colors: blue, pink, maroon, purple, red, yellow. Very hardy. Very desirable. \$1 ea.; 3 for \$2.50.

33 Beautiful Perennials \$13.95 3 each of the 5 varieties above, plus 6 Giant Columbine, 6 Phlox and 6 Carnations in assorted colors. **ASK FOR OFFER 133**

PHLOX for Summer Bloom

FALL PLANTING

We recommend fall planting of Roses: in late October for northern states, from November until the ground freezes, farther south. In fall, the earth is mellow and right for planting. Put a mound of soil up around the stems after planting and the Roses will be ready to grow when spring comes.

MAIL-ORDER shipments will be made at proper time for planting in your locality. Dormant Roses can be planted until just before the ground freezes for the winter.

NOTE: Rose plants may be picked up at the nursery **AFTER NOVEMBER 1**, but not before that date.

Visit Star Roses and Our Garden Marts

West Grove is on U. S. Route 1, 35 miles from Philadelphia, Pa., 14 miles from Wilmington, Del., 65 miles from Baltimore, Md. The great fields of Roses are in full bloom from July to October, and Chrysanthemums from September to freezing weather. Visitors are welcome. Also, visit our Garden Marts.

GARDEN MART NO. 1: 1 mile off Route 1 at West Grove, Pa. Open every day, 10 A.M. to 4 P.M. (In spring, from 10 A.M. to 6 P.M. or later.) Come here for Rose plants **AFTER NOVEMBER 1**.

GARDEN MART NO. 2: On Route 1, 3 miles southwest of West Grove. Open only from late spring to mid-fall. 10 A.M. to 6 P.M. daily. Come here to leave advance orders and to see the fields in bloom.

FREE PLANTING GUIDE WITH EVERY ORDER!

Our new 16-page booklet is a helpful and simple guide to Rose planting and culture—a handy and practical aid that gives the answers you're looking for. It describes and pictures the 10 easy steps to successful Rose growing, from unpacking the Roses to enjoying them in your garden. Contains information on pruning, spraying, dusting. Also gives you facts about planting and growing perennials. You will find a very helpful planting depth diagram for fall bulbs that tells you at a glance just how deep the bulb should be for best results. We have prepared this Planting Guide as a service to our customers. You will find it useful.

★RADIANCE

★**RADIANCE.** H.T. If you've never seen this one, you've missed one of the finer things of Nature . . . the large, double, cameo-pink Rose with the intense fragrance and the pleasing two-toned color. Its vigorous health adds to its appeal—health that pays off in unusual quantities of bloom. The big blossom is firm and cupped and solid-looking. Offering a wealth of color and true Rose perfume. Radiance never fails to add to your gardening pleasure. It's very dependable. very beautiful, very desirable. \$1.50 ea.; 3 or more, \$1.30 ea.

★CONDESA DE SASTAGO

★**CONDESA DE SASTAGO.** H.T. Here's another fine Rose that's worth considering for a garden spot . . . a bicolor that's outstandingly bright and gay with its yellow and rosy scarlet coloring. It grows with vigor and produces blooms in quantity. For a cheerful note in your outdoor color scheme, rely on Condesa de Sastago. You'll be glad you did. Plant them this fall, and enjoy springtime the more. \$1.50 ea.; 3 or more, \$1.30 ea.

★**ANGELS MATEU.** H.T. What do you think of that gorgeous bit of color called Angels Mateu? If you're like the many who've known this Rose first hand, you'll agree at once that there's something special about it. The orangy rose of the open bloom is different—smooth and luscious and with completely delightful fragrance. The plant is sturdy, the foliage good . . . a good Rose all around. \$1.75 ea.; 3 or more, \$1.55 ea.

★ECLIPSE

Here are twelve famous Star Roses, all tried-and-true old favorites which will interest everybody, including every new home owner and others who have not yet planted Roses to beautify their grounds. Purchased as a "package"—and at a real saving—they give you an excellent "starter set," a whole Rose garden to delight you for years to come. Each of these Star Roses is a classic in its own right, a Rose tested and proved by popular appeal over the years. They are popular today—the old standbys—in many and many a modern garden. These are hardy, vigorous, dependable. Adaptable and easy to grow, they will provide the beauty you want and the pleasure you need. Each is a guaranteed, two-year-old, No. 1, field-grown Star Rose of established reputation. Your garden should have the famous Star Rose Classic Dozen!

★**MME. HENRI GUILLOT.** H.T. From bud to bloom, this fine Rose exhibits a lovely form and offers with it a fetching fragrance. Notable, too, is the glowing blend of rosy flame colors, changing to a satiny, showy, deep watermelon-pink as the bud opens to full bloom. The leaves are very shiny, and altogether it's a Rose that's rated high by everybody who knows it. \$2 ea.; 3 or more, \$1.75 ea.

★**ECLIPSE.** H.T. One of the distinguishing characteristics of this good Rose is the long, long, tapering bud—the loveliest, most streamlined of all! There are many more. Buds come profusely on vigorous plants and open to blooms of golden yellow. The flowers are large and semi-double and have from 25 to 30 uniformly colored petals. Eclipse is surely the classic yellow to have in your garden. \$1.75 ea.; 3 or more, \$1.55 ea.

★**CRIMSON GLORY.** H.T. A Rose of perfect form, color and fragrance—and as crimson as they come. It's bushy, low-growing, free-blooming—ideal for front-row showing. This old favorite is as popular today as it ever was! And as good and satisfactory! You can't go wrong with this one in your starting set . . . it's so dependable. \$1.75 ea.; 3 or more, \$1.55 ea.

Star Grandiflora

**THE NEW
KIND OF ROSE**

These Star Rose wonders are the newest thing in Roses. And they ARE wonders, for they give you in the same bush both the lovely form of the Hybrid Tea Rose and the magnificent bloom production of the Floribunda! Combined in the Grandiflora Rose, these qualities offer you lavish quantities of Hybrid Tea-like flowers which grow most often in whole bouquets. Naturally, they're showy with color and make perfect background plantings, or hedges or borders. Try one or more kinds of these Star Wonder Roses on your place. You'll be VERY glad you did!

★QUEEN
ELIZABETH

★QUEEN ELIZABETH. (Lammerts.) Plant Pat. 1259.

This is the first of the Grandifloras to win the All-America Award. Note the lovely Hybrid Tea-shaped blossoms, the beautiful clear pink color and the bright green leaves. Think of a plant growing 3 to 4 feet tall covered with such leaves and carrying whole candelabras of such pink flowers, each with its own 6 to 12-inch stem! You'll love this brilliant and bountiful bloomer once you see it—just as thousands did this year. Queen Elizabeth is satisfactory in all ways, growing upright and vigorously and providing wonderful Roses for cutting. Try one this coming spring. Plant it this fall and see for yourself how rewarding this Grandiflora can be. \$2.50 ea.; 3 or more, \$2.20 ea.

★BUCCANEER. Plant Pat. 1119. Better put this golden beauty in the back row. Buccaneer grows to 5 feet and more, giving you a wealth of beautiful 30-petaled blooms. The long, sleek buds open to cupped blooms that have a lightly sweet fragrance. The dark green foliage sets off the bright yellow flowers, presenting a sight of nearly incredible beauty. Such complete richness! A lovely Grandiflora that seems to want to produce its blossoms just for you. So why not let it? For pure gold growing on a bush, look no farther. \$2.50 ea.; 3 or more, \$2.20 ea.

★**MONTEZUMA.** Plant Pat. 1383. In the best Grandiflora manner, this brilliant, vivid rosy salmon variety makes a showy splash of color from a distance or close by. The buds are long and slender, the blooms as wide as 4 inches and with up to 40 petals, forming a high-centered flower. Montezuma grows tall—from 3 to 5 feet—has dense foliage, and, of course, abundant blooms. The canes produce long stems with several of the flowers glorifying each. You always have them available for cutting. A very pleasing plant. \$2.75 ea.; 3 or more, \$2.40 ea.

★**CARROUSEL.** Plant Pat. 1066. Here's an attractive, unfading, dark red or garnet Grandiflora that's as splendid in its way as the other three pictured here. This one offers a color contrast and emphasis that will accent any garden. The Rose is vigorous, upright, bushy and grows about 3 feet tall. The 20-petaled buds and blooms come sometimes one to a stem, sometimes in candelabras, but always in abundance and in beauty. They have the true character and form of the Hybrid Tea. You'll find Carrousel to be very satisfying. \$2 ea.; 3 or more, \$1.75 ea.

★ WHITE BOUQUET

New All-America Winner
for 1957.

★ CIRCUS

★ **WHITE BOUQUET.** (Boerner.) Plant Pat. 1415. Here is the first white Floribunda to win the coveted All-America Selections Award... an enchanting white Rose with sparkling 4 to 5-inch flowers and shiny, dark green foliage. When open fully, the petals spread to form rich white blooms that have sweet, spicy fragrance. The light cream buds open into pure white flowers. The plant itself produces blooms in clusters and as individual blooms. Growing to a height of 1½ to 2 feet, White Bouquet is bushy and spreads as wide as it is high, making the plant ideal for bedding or border planting. Blooms are constantly in evidence, and you will have plenty of opportunity to cut them. This Rose is further distinguished by ease of care and resistance to ordinary diseases. This is an unusually graceful Floribunda in every stage of growth—one that will make an exciting addition to your garden in all respects. \$2.50 ea.; 3 or more, \$2.20 ea.

★ **CIRCUS.** Plant Pat. 1382. Another All-America winner (1956) is the bright sensation, Circus, a veritable kaleidoscope of color produced on a husky plant. This Floribunda, from bud to bloom, mixes yellow, red, pink and orange hues to give you, with its background of rich green foliage, truly marvelous displays of color. The full blooms are 3 to 3½ inches across, with 25 to 40 petals. The plants are upright, compact and of medium height. Mass a few Circus plants together if you'd have a point of interest to attract the eye. The picture will give you an idea of the excellent form of the bud and bloom; but only your imagination will let you picture how the sunny colors of this free-blooming Rose can brighten and give a lift to the garden spot you give it. \$2.50 ea.; 3 or more, \$2.20 ea.

SUMATRA

Brilliant Newcomer to America's Rose Gardens

★**SUMATRA.** (Mallerin.) Plant Pat. App. for. In this bright and brand-new Floribunda, Star Roses presents here *for the first time and for your approval* what we believe will be the sensation of the year among Roses of this class. Its brilliant red, iridescent coloring reminds us of the opulent and exotic East, the fabulous Orient . . . and so we've called this Rose **SUMATRA!** It is an unusual and most excellent Floribunda, a seedling of the great and popular Fashion. It blooms continuously, a well-formed, well-branched, hardy,

vigorous, medium-height plant with clean, abundant, beautiful foliage that's disease-resistant. The 3-inch blooms have from 23 to 28 velvety petals. They come in pyramidal clusters and have a nice, nutty fragrance. But above all, Sumatra's magnificent and exciting display of color holds the stage! So gloriously bright and flashing a red from the ovoid bud to the beautiful open flower is worthy of the greatest admiration! Be among the first to enjoy this grand new beauty! \$2.50 ea.; 3 or more, \$2.20 ea.; 25 or more, \$2 ea.

★**THE OPTIMIST.** (de Ruit-er.) Plant Pat. App. for. We were asked to call this cheerful rose The Optimist after the famed Club of that name. You've never seen it before in any catalog. The Optimist is a smiling, laughing, happy new Floribunda showing its bright face to the world. It displays mixed tones of orange-buff, carmine-rose, yellow and pink, which are continually changing. Tight crimson buds open to tints of coral and cream, and when fully open turn to chamois-yellow with coral on the outer petals. Orange and flame is the final color. Beautiful and intriguing! Plant and foliage are very good. The bloom (fine for cutting) is a good 3½ inches across, with 23 to 28 petals. Strong canes. Healthy plant. Pleasantly fragrant. \$2.50 ea.; 3 or more, \$2.20 ea.; 25 or more, \$2 ea.

★**COCORICO.** Plant Pat. 1193. Blazing scarlet or poppy-red blooms, up to 3 inches across and with 5 to 9 very velvety petals, come continuously in clusters. Bushy, upright, 3-foot plant. Very good. \$2 ea.; 3 or more, \$1.75 ea.; 25 or more, \$1.60 ea.

★**RED WONDER.** Plant Pat. 1341. Dark red buds turn to blooms that glow like rubies, each with from 25 to 30 petals that last long and form a flower up to 3½ inches wide. Abundant, vigorous, bushy—a real gem. \$1.75 ea.; 3 or more, \$1.55 ea.; 25 or more, \$1.40 ea.

★**BETTY PRIOR.** Plant Pat. 340. Large, spreading clusters of bloom resembling red dogwood in size, shape and color. Vigorous plant 3½ feet tall needs little care, makes fine shrub or hedge. \$1.75 ea.; 3 or more, \$1.55 ea.; 25 or more, \$1.40 ea.

★COCORICO

★**RED PINOCCHIO.** Plant Pat. 812. Deep red velvet color and an excellent plant that does well in all climates make this a very popular Rose. 2½ feet tall; 25 to 30 petals. Good in every way. \$1.75 ea.; 3 or more, \$1.55 ea.; 25 or more, \$1.40 ea.

★RED WONDER

★**SPARTAN.** Plant Pat. 1357. A handsome coral-toned flower with buds of rosy scarlet. Strong, vigorous, healthy plant that blooms long and abundantly. Clusters of 3 to 3½-inch blossoms with 30 or more heavy petals. Fragrant, too. This one won top award of National Rose Society of England. \$2.75 ea.; 3 or more, \$2.40 ea.

★THE FAIRY

THE FABULOUS FAIRY

Everblooming Shrub Rose

★THE FAIRY. This unique Rose might better have been named The Magician. Fairy-like it is in beauty of flower and foliage—but magic, too, in that it grows vigorously without need of spraying and with less care than any plant we know. Bearing hundreds of seashell-pink blooms from spring to frost, and with small, shiny leaves and dense growth, it provides a beautiful living fence when planted in a row, or a lovely ornamental shrub when alone. And anyone can grow this wonderful plant, anywhere. It will grow to 4 feet high and just as broad, but can be kept lower if pruned in the spring. You'll love The Fairy alone or with other shrubs, in a border or as a fence. It's superb! \$1.50 ea.; 3 to 11, \$1.30 ea.; 12 or more, \$1.20 ea.

★ROSA HUGONIS

THE GOLDEN ROSE OF CHINA

Makes the Perfect Hedge

Look no farther if you want a hedge that grows quickly and vigorously to 6 feet in height . . . and is beautiful in the bargain! The Golden Rose of China is famous as a graceful and efficient barrier plant. In May, its brilliant yellow, single flowers bloom in bountiful profusion, making a sight worth seeing. It's easy to plant, easy to grow, requiring little care. Hardy, too, it prefers not to be pampered, actually liking it better in non-rich soil. Even though your need may not be for a hedge, you can count on The Golden Rose of China (or Rosa Hugonis) to give you a beautiful specimen-like single shrub. Exceptionally good and effective either way—alone or as a fence. \$1.50 ea.; 3 to 11, \$1.30 ea.; 12 or more, \$1.20 ea.

FASCINATING MINIATURE ROSES

3-in., Pot-Grown Plants, Postpaid

Plant outdoors in the South in fall. North of Washington, D. C., plant outside in spring. Winter-hardy when established. For winter flowering indoors, rest plants outside until after January 1, then pot and place in sunny window. We can supply rested plants after January 1 for indoor flowering, in moist atmosphere. 8 to 12 inches high.

★MAX GRAF

Say "MERRY CHRISTMAS" to your friends this year with a gift of *Star ★ Roses*

The happiest choice of Christmas gifts for friends and loved ones is always a thoughtful choice, made carefully and with consideration. That's why, even at this season, it is not too soon to think about your shopping list . . . and that's why the gift of Roses is always so well received. Why not, then, take advantage of the Star Rose way to care for the matter now?

Here's how to do it. Choose the Rose bush or collection of Roses that you wish to send as a Christmas gift. As a token of that gift, we will send at Christmastime a real, living red Rosebud in a vial of water—just like the one pictured here; and with it, a Christmas card announcement from you, informing the recipient that in the spring, at just the right time for planting, he will receive the Roses you ordered for

him. The Rosebud and card are sent direct in time for Christmas; the bushes are sent later at the proper time. Rosebuds cannot be sent with orders which are not Christmas gifts.

Send your gift orders to us early. We must have them before December 10, if we are to send a Rosebud token gift.

If you should not wish to choose the Roses yourself, and wish to let the recipient pick his own varieties, you can order gift certificates (\$2.50 or \$5 gift certificates in any total amount) and we will send your friends our spring catalog to choose from.

USE THIS CATALOG TO DO YOUR CHRISTMAS SHOPPING

This catalog of beautiful Star Roses gives you a wonderful opportunity to do your Christmas shopping at home, and in your own good time, and without the wear and tear that comes with the Christmas rush. In this "Rose Department Store," you serve yourself and you do it well, for every Rose presented here is a guaranteed gift . . . beautiful and sure to be a happy choice. You may choose any Rose in this catalog, or any collection or offer, and be sure (if you order by December 10) that the friends and loved ones on your list will be delighted by your thoughtfulness, the "different" way you've taken this year to wish them "MERRY CHRISTMAS"

NOTE: All group offer and "3 for" prices apply ONLY when those Roses are shipped together to the same address.

★CHARLES MALLERIN. H.T. (Meilland.) Plant Pat. 933. This Star Rose is the "blackest" big red Rose there is . . . a magnificent bloom of 30 to 40 substantial velvet petals and with a gloriously intense and rich fragrance. Even the best picture fails to show the exciting and rare character of this deep red Rose. There are other red Roses that will bloom more than this one, but none can touch it for quality of bloom, for sheer handsomeness of flower. Superb! \$2.50 ea.; 3 or more, \$2.20 ea.

★NEW DAWN

★DOUBLOONS

STAR CLIMBING ROSES are OUT-OF-THIS-WORLD *Beauties* Plant them this Fall

★**DOUBLOONS.** A golden treasure with buff-yellow blooms that are big and firm. Blooms early on 10 to 12-foot canes and has a fragrance that is spicy and nice. A splendid plant in every way, and one you can count on for plenty of beauty. \$2 ea.; 3 or more, \$1.75 ea.

★**BLAZE.** One of the best-known repeat-blooming climbers, appreciated everywhere for its clusters of brilliant scarlet blooms. Makes a gorgeous show in June, and again in fall. A good, sturdy, hardy plant that's anxious to please. \$1.50 ea.; 3 or more, \$1.30 ea.

★**NEW DAWN.** (Everblooming Dr. W. Van Fleet.) Blush-pink, fragrant blooms in June, massed on 12 to 15-foot canes. Repeats freely until frost. Very

hardy. Beautiful blooms that you'll want to cut. \$1.50 ea.; 3 or more, \$1.30 ea.

★**CITY OF YORK.** An A. R. S. Gold Medal winner, with solid masses of bloom in May and June. Fragrant, creamy white flowers on a strong-growing, hardy plant. It's certain to do well for you. \$1.50 ea.; 3 or more, \$1.30 ea.

★**DR. J. H. NICOLAS.** Plant Pat. 457. Long-stemmed, rose-pink blooms of 50 petals. A very showy climber that's beautiful and fragrant, too. The big blooms come freely. \$2 ea.; 3 or more, \$1.75 ea.

★**PAUL'S SCARLET CLIMBER.** This old favorite grows fast and gives you full blooms of brilliant, unfading scarlet in clusters. Makes a vivid show in June, with profuse flowers. Showy and attractive. \$1.50 ea.; 3 or more, \$1.30 ea.

★**THOR.** Plant Pat. 387. Big, 4-inch blooms with 55 to 60 petals present a perfectly delightful wealth of red richness on long stems. Good, disease-resistant foliage. Very double, unfading flowers over a long season. \$2 ea.; 3 or more, \$1.75 ea.

★**WHITE DAWN.** The best hardy, everblooming, large-flowered white climbing Rose, without a doubt. Grows strong and vigorously, is healthy and offers continuous, free bloom. Certain to please. An excellent Rose. \$1.50 ea.; 3 or more, \$1.30 ea.

STAR EVERBLOOM

The versatility of Roses is shown again in the climbing kinds. Grow them on trellises, on poles, or on strung wires if you'd like to block off a part of your garden. Put them on fences, on walls, or the sides of the house for highly decorative effects. They grow quickly and tall, and their flowers and foliage give you summer-long beauty. They usually bloom the second season after planting, so do not prune the first year's growth. Later, prune only enough to keep them in bounds and to remove worn-out, dead wood. To get the most repeat bloom, remove all flower heads as they fade, but do not prune during the growing season. Star Climbing Roses will give you a great deal of satisfaction and pleasure for many, many years. They are a great joy and a source of beautiful cut flowers.

★CL. PEACE. Plant Pat. 932. This is the famous Peace Rose growing as a climber. Very vigorous and beautiful, its big yellow blooms come on long, pliant canes. Fast growing. Blooms more heavily the older the canes, so don't prune away the older wood. \$2.25 ea.; 3 or more, \$2 ea.

★GLADIATOR. Plant Pat. App. for. Fine new everblooming climber with red buds that open to large, double blooms of light red or deep pink. Tall, strong canes bear abundant, bright flowers. A beautiful and exciting new variety. A delight all season. \$2.75 ea.; 3 or more, \$2.40 ea.

© ★GLADIATOR

★MORNING DAWN. Plant Pat. 1447. Lovely, new, soft pink climber with large flowers and rich green foliage. There is a spicy Old-Rose scent from the 5-inch blossoms. Excellent for cutting, usually with long stems. Has a constant show of blooms. \$2.50 ea.; 3 or more, \$2.20 ea.

★CL. MRS. P. S. DU PONT. Golden yellow blooms, same as the Hybrid Tea, that are completely lovely, fragrant and double. Well-formed buds. Excellent bloomer. Good, eager plant. A perennial favorite. \$1.50 ea.; 3 or more, \$1.30 ea.

★CL. TALISMAN. An orange, yellow and red combination . . . an old, old favorite as a Hybrid Tea that performs beautifully as a climber. It's fragrant, urn-shaped and altogether pleasing (see picture page 18). \$1.50 ea.; 3 or more, \$1.30 ea.

★SPECTACULAR. Plant Pat. 1416. A brilliant new climber that gives a great show of color. Scarlet buds open to spectacular orange-red, fully double blooms. Profuse clusters of flowers with three and four blooms to a stem make a bright and beautiful sight with their backdrop of large, glossy, green leaves. Color is continuous all summer, with flowers constantly appearing. Growing to a height of 10 feet, this new climber makes quite a few new shoots from the base each year, guaranteeing a constant source of bloom. Certain to have a long and brilliant career in America's gardens, Spectacular is worthy of your own consideration. \$2.50 ea.; 3 or more, \$2.20 ea.

GRAND NEW EVERBLOOMING RED

★**RED EMPRESS.** (Mallerin.) Plant Pat. App. for. So new we do not yet have color pictures of it, this is destined to become another famous origination of Mr. Mallerin of France. It's a hardy, continuous-blooming, unusual red climber with Hybrid Tea-like blossoms. Individual blooms are large for a climber. Canes will bear flowers the first year! The color is striking—a distinctive, iridescent spirea-red, clearing to an iridescent cardinal-red in cool weather. The bloom has good form and strong fragrance. Growth habit is excellent, and the attractive foliage is abundant, providing for the wonderful red flowers an interesting background. \$2.50 ea.; 3 or more, \$2.20 ea.

★CORAL DAWN

★**CL. CRIMSON GLORY.** Plant Pat. 736. This is the Hybrid Tea all over again, in all its great beauty—but as a climber. The rich, fragrant, deep crimson blooms, and clean, disease-resistant foliage (see picture) are completely beautiful and lovely. The flowers have outstanding form, and they come abundantly. This one will dress up any dull or bare spot in your garden. \$2.50 ea.; 3 or more, \$2.20 ea.

★**CORAL DAWN.** Plant Pat. 1117. Sparkling, deep coral-pink . . . unusual color in a climber, and it lasts. The dainty, pointed buds open to graceful, 4½-inch blooms. They come in clusters of from three to twenty; and with lustrous, dark green foliage, you can imagine the total effect—absolutely lovely! A superior new climber that does well everywhere. Coral Dawn has rare and distinctive beauty. \$2.50 ea.; 3 or more, \$2.20 ea.

★**CL. GOLDSLOCKS.** Plant Pat. 1090. Pure, bright gold flowers growing in splashy profusion as a vigorous climbing plant. The blooms are double, about 3 inches across, and come continuously. The foliage is small and pretty, combining in loveliness with the shining yellow blooms to afford a most attractive sight. Like the bush Goldilocks, this is an outstanding yellow Rose. \$2.50 ea.; 3 or more, \$2.20 ea.
